IMPORTANT NOTICE

Since you are applying for insurance, we would like you to know more about our underwriting process and what occurs after you submit your application.

(Please give a copy of these notices to each Proposed Insured.)

THE UNDERWRITING PROCESS

All forms of insurance are based on the concept of risk-sharing. Underwriters seek to determine the level of risk represented by each applicant, and then assign that person to a group with similar risk characteristics. In this way, the risk potential can be spread among all policyholders within a given risk group, assuring that each assumes his fair share of the insurance cost.

Underwriters collect and review risk factors such as age, occupation, physical condition, medical history and any hazardous avocations. The level of risk and premium for the amount of coverage requested is based on this information.

INVESTIGATIVE CONSUMER REPORT

As a part of our routine procedure for processing your initial application, we may request an investigative consumer report. The agency making the report may keep a copy of the report and disclose its contents to others for whom it performs similar services. The report typically includes information such as identity and residence verification, character, reputation, marital status, estimate of net worth and income, occupation, avocations, medical history, habits, mode of living and other personal characteristics. Additional information is usually obtained from several different sources. Confidential interviews are conducted with neighbors, friends, business associates, and acquaintances. Public records are carefully reviewed.

Past experience shows that information from investigative reports usually does not have an adverse effect on our underwriting decision. If it should, we will notify you in writing and identify the reporting agency. At that point, if you wish to do so, you may discuss the matter with the reporting agency.

You have the right to be interviewed as part of any investigative consumer report that is completed. If you desire such an interview, please indicate this at the time your application is submitted. If you request it, we will supply the name, address and telephone number of the consumer reporting agency so you may obtain a copy of the report.

CONTESTABILITY

We strongly urge you to review the completed application closely for accuracy. During the 2 year contestability period described in the policy, a claim may be denied if the application contains false statements or misrepresentations or fails to disclose material facts. In such a case, the policy could be void and coverage could be lost.

NOTICE AND CONSENT FOR HIV - RELATED TESTING

To evaluate your insurability, the insurer named above (the Insurer) has requested that you provide a sample of your blood and/or other bodily fluid for testing and analysis to determine the presence of human immunodeficiency virus (HIV) antibodies. By signing and dating this form you agree that this test may be done and that underwriting decisions will be based on the test result. A series of three tests will be performed by a licensed laboratory through a medically accepted procedure.

Pre-Testing Considerations

Many public health organizations have recommended that before taking an AIDS-related test a person seek counseling to become informed concerning the implications of such a test. You may wish to consider counseling, at your expense, prior to being tested.

Meaning of Positive Test Result

The test is not a test for AIDS. It is a test for antibodies to the HIV virus, the causative agent for AIDS, and shows whether you have been exposed to the virus. A positive test result does not mean that you have AIDS but that you are at significantly increased risk of developing problems with your immune system. The test for HIV antibodies is very sensitive. Errors are rare, but they do occur. Your private physician, a public health clinic, or an AIDS information organization in your city might provide you with further information on the medical implications of a positive test.

Positive HIV antibody test results will adversely affect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.

Confidentiality of Test Results

All test results are required to be treated confidentially. They will be reported by the laboratory to the Insurer. The test results may be disclosed as required by law or may be disclosed to employees of the Insurer who have the responsibility to make underwriting decisions on behalf of the Insurer or to outside legal counsel who needs such information to effectively represent the Insurer in regard to your application. The results may be disclosed to a reinsurer, if the reinsurer is involved in the underwriting process. The test may be released to an insurance medical information exchange under procedures that are designed to assure confidentiality, including the use of general codes that also cover results of tests for other diseases or conditions not related to AIDS, or for the preparation of statistical reports that do not disclose the identity of any particular person.

Notification of Test Results

If your test results are negative, no routine notification will be sent to you. If your test results are reported by the laboratory to the Insurer as being positive, you are entitled to that information if you so desire. Because a trained person should deliver that information so that you can understand clearly what the test result means, you are asked to list your private physician so that the Insurer can have him or her tell you the test result and explain its meaning.

Name of physician for reporting a possible positive test result: _____

If you do not wish to know the results of the test, initial here: _____. In the event the test is positive and you are denied coverage because of that fact and you request the reason for the denial, the insurer may require you to name a physician at that time in order to receive the information.

If you want to know the results of the test but do not at present have a private physician, initial here: _____. The result will be sent to you at the address provided by registered mail with delivery restricted to you only. If you desire the results to be mailed to some person other than yourself who is not a physician, print that person name and address here:

_____. The result will be sent to that person by registered mail with restricted delivery.

Consent

I have read and I understand this Notice and Consent for AIDS-related Testing. I voluntarily consent to the withdrawal of blood and/or other bodily fluid from me, the testing of that blood and/or other bodily fluid, and the disclosure of the test results as described above.

I have read the information on this form about what a test result means and understand that I should contact a local AIDS service group or my private physician for further information and counseling if the test result is positive. I understand that this consent can be withdrawn at any time prior to the drawing of the blood and/or other bodily fluid for testing.

I understand that I have the right to request and receive a copy of this authorization. A photocopy of this form will be as valid as the original.

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? YES NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? YES NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy will be replaced or used as a source of financing:

Insurer Name	Contract or Policy #	Insured or Annuitant	Replaced (R) or Financing (F)
1. _____	_____	_____	_____
2. _____	_____	_____	_____
3. _____	_____	_____	_____

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. [If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer.] Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____

I certify that the responses herein are, to the best of my knowledge, accurate:

Applicant's Signature and Printed Name _____ Date _____

Producer's Signature and Printed Name _____ Date _____

I do not want this notice read aloud to me. _____ (Applicants must initial only if they do not want the notice read aloud.)

Should you have any questions regarding this form, please contact your insurance representative or the Company at the address or telephone number shown on your application.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

Premiums:

- Are they affordable?
- Could they change?
- You're older – are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

Policy values:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

Insurability:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

If You are keeping the Old Policy as well as the New Policy:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

If You are Surrendering an Annuity or Interest Sensitive Life Product:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

Other Issues to Consider for All Transactions:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable “grandfathered” treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

INSTRUCTIONS FOR REPLACEMENT REGULATIONS

New replacement regulations have been adopted in a number of states. The following steps are necessary to comply with the new regulations.

1. Existing Insurance

For each application, a producer is required to ask an applicant if he or she has any existing life insurance policies or annuity contracts. The producer and the applicant must complete and sign the statement on the application regarding existing policies or contracts.

2. Replacement Notice

If there are existing policies or contracts, the producer or the applicant must also complete and sign “Important Notice: Replacement of Life Insurance or Annuities”, Form 33503. This form must accompany the application whether or not a replacement is proposed. A copy must be provided to the applicant.

If there is a replacement, all policies and contracts to be replaced must be listed on the form in detail, including the reason for replacement. The producer is required to read the form aloud to the applicant or the applicant must initial the form to indicate that the reading was waived.

3. Sales Material

We require that only approved sales material be used. The regulations define “sales material” as a sales illustration and any other written, printed or electronically presented information created, completed or provided by the producer that is used in the presentation to the applicant. (A printed hard copy of any electronically presented sales material must be given to the applicant no later than the time of contract delivery.)

If there is a replacement, a producer must complete and sign “Appropriateness Verification Statement”, Form 33555, certifying that only company approved sales material was used and that copies were left with the applicant.

The producer must maintain documentation of all sales materials used.

The replacement regulations require that we contact the applicant after the contract is issued to affirm that you left copies of all sales materials used with the applicant. We make this contact via a letter. If the contract is mailed to you for delivery, it is your responsibility to provide this letter to the applicant with the contract. The regulations require this letter to be provided to the applicant within 10 days of the issue date.

APPROPRIATENESS VERIFICATION STATEMENT

The Lincoln National Life Insurance Company (Lincoln Life & Annuity) Position Statement: Lincoln Life and Annuity does not encourage the replacement of a long-term care policy, life insurance policy or annuity contract. Replacements should only occur when it is in the client’s best interest. Therefore, Lincoln Life & Annuity expects each producer selling its products to determine the appropriateness of each replacement according to Lincoln Life & Annuity’s guidelines prior to submitting an application to Lincoln Life & Annuity. Before issuing a replacement policy, Lincoln Life & Annuity must be reasonably satisfied that the product meets the client’s needs and objectives; that the client was fully educated on the advantages and disadvantages of a policy or contract replacement to have the knowledge necessary to make an informed decision; and that the client received complete and accurate replacement forms as required by state regulations.

Guidelines: Lincoln Life & Annuity expects that each producer will discuss at least the following replacement issues and concerns with the client prior to submitting a replacement application to Lincoln Life & Annuity:

- Potential reduction of current cash value due to new acquisition costs - how long will it take to recover the costs associated with the proposed policy or annuity contract.
- Potential tax implications of replacing the existing policy or annuity contract.
- Potential impact on client’s immediate liquidity needs.
- Potential impact of surrender charges on existing and proposed policy or annuity contract
- Potential increase in cost of insurance due to insured’s increased age.
- Potential for new contestability/suicide periods.
- Potential impact of variable factors on planned premiums.
- Circumstances under which the existing and proposed policy could lapse.
- Duration of coverage under the existing and proposed policy.
- Differences in features and benefits between the existing and proposed coverage or annuity contract.
- Differences in loan features and benefits between the existing and proposed coverage or annuity contract.

Producer Verification:

- I have discussed the advantages and disadvantages of discontinuing or modifying the existing long-term care policy, life insurance policy or annuity contract with my client, including the replacement concerns and issues mentioned above.
- I have determined that the existing coverage or annuity contract no longer meets the client’s insurance needs and objectives and that the proposed replacement is appropriate in accordance with the Lincoln Life & Annuity Replacement Position Statement.
- I have used only company approved sales material in conjunction with this sale; and,
- I have left copies of all sales material with the applicant(s) at the time the application was submitted.
