Health Savings Account information

Maximize your savings by pairing your OneDeductible plan with a tax-favored Health Savings Account.

- Unused balances are yours to keep and roll over year to year
- At age 65, you may withdraw money for non-medical expenses with no penalty, paying only retirement-level (typically lower) income taxes

CoreMed and OneDeductible network information and plan provisions

Network Discounts

You'll maximize your preferred provider organization (PPO) plan's benefits by using network providers, who offer negotiated discounts to Assurant Health and minimize your out-of-pocket expenses.

Assurant Health understands that when you're faced with an emergency, you don't have time to ensure providers are in network before seeking care.

Therefore, **in emergency situations, benefits are paid at the network benefit percentage regardless of where services are performed.**

All benefits are subject to the maximum allowable amount.

Out-of-Network Services

If you choose to use out-of-network providers for routine and non-emergency care, you will not receive Assurant Health's PPO discounts and you may incur additional charges. Covered services are subject to the maximum allowable amount provision, out-of-network deductible, out-of-network benefit percentage and out-of-network coinsurance out-of-pocket maximum. *The chart below outlines these costs, which may vary by state.¹*

Plan Limits

Medically Necessary Care

To be covered, treatment, services and supplies must be medically necessary:

- Appropriate and consistent with the diagnosis
- Commonly accepted as proper treatment
- Reasonably expected to result in improvement of the condition
- Provided in the least intensive setting without affecting the quality of medical care provided

Maximum Allowable Amount

The maximum allowable amount is the most the plan pays for covered services. If you have a PPO plan and use an out-of-network provider, you are responsible for any balance in excess of the maximum allowable amount.

Utilization Review

Authorization is required before receiving inpatient treatment and certain types of outpatient treatment. Unauthorized services will result in a penalty of 25% of the charge (up to \$1,000). Unauthorized transplants are not covered.

Pre-Existing Conditions²

A pre-existing condition is an illness or injury and related complications for which any of the following occurred during the 12-month period immediately prior to the effective date of your health insurance coverage:

- You sought, received or were recommended medical advice, consultation, diagnosis, care or treatment;
- Prescription drugs were prescribed;
- Symptoms were produced; or
- Diagnosis was possible.

Benefits are not paid for charges incurred due to a pre-existing condition until you have been continuously insured under the plan for 12 months, unless the condition was fully disclosed on the application. After the 12-month period, benefits are paid for a pre-existing condition unless it is specifically excluded from coverage.

Enrollees under the age of 19 are not subject to the pre-existing condition limitation.
